

Mathematics

This term children will be learning how to double, halve and share. They will also explore capacity, size and solving mathematical problems.

Literacy

This term we will be exploring traditional stories and narrative language. We will use our phonic knowledge to help us to write simple sentences and to write our own stories.

Personal, social, emotional development

Can you follow the rules outside of the classroom?
Can you share your goals with others?

Understanding the word

Children will begin to explore different minibeasts and their features. We will be observing the life cycle of a caterpillar and will be having some in our classes.

Children will learn about plants and what they need in order to grow. Children will grow their own plants.

Reception-Summer 1

Once upon a Time

Physical development

Can you brush your teeth correctly?
Can you name all your body parts?
How can we keep fit and healthy?

Expressive arts and design

Can you make move to the music?
Can you think of different dance moves?

Communication and language

Can you retell a story?
Can you use narrative language?
Children will begin to develop retelling stories using story maps.

Characteristic of effective learning

Can you share your own ideas?
Can you test your own ideas?
Have you completed your challenge?

PE

Please remember to: Bring your PE kits and suitable footwear.

ENRICHMENT

The wiggly wild show will be coming in to visit us.
We will be picking the winners for making the best minibeasts competition.

Assembly

Reception children will now be attending assemblies with Key Stage 1.
