SCIENCE

Unit: States of Matter

What happens when different solids, including soap, are heated and cooled?

Key investigation: Does the size of the solid affect how quickly it melts?

DESIGN & TECHNOLOGY

Can I carry out market research on different types of soap?

Can I design and make a scented soap to sell at a craft fair?

Can I evaluate the effectiveness of my product?

COMPUTING

Can I enter the results of my DT market research onto a spreadsheet?

PHSE/RRS

Why is it important to keep clean?

P4C link: Whose responsibility is it to keep you clean?
